

Project Initialization and Planning Phase

Date	03 October 2026
Team ID	17
Project Name	Fitbuddy-AI Fitness plan Generator
Department	Computer Technology
Institution / University	Madras Institute Of Technology / Anna University
Academic Year / Semester / Section	3 / 5 / Batch A
Faculty Mentor / Guide	Jayachitra V P
Team Leader	Bharath Jeyakkumar S
Sprint 1 Start / End	28-09-2026 / 28-09-2026
Sprint 2 Start / End	29-09-2026 / 30-09-2026
Sprint 3 Start / End	01-10-2026 / 02-10-2026
Team Roles	Abdul Wahith M — Backend & AI Integration; Kamalesh T — UI / Frontend Development; Bilu Besto H — Validation, Feedback & Reliability; Bharath Jeyakkumar S — Team Leader / Testing & Quality Assurance; Prasannavelan K — Database, Documentation & Demo Support
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template)

FitBuddy helps people who want a structured fitness routine but do not know how to convert their personal goals and preferences into a practical weekly workout plan.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A beginner starting a fitness routine	Build a weekly workout plan that matches my goal	Generic plans may not suit my age, weight or preferred intensity	Advice is often broad and not personalized	Uncertain about where to start

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-2	A user working toward weight loss or muscle gain	Follow a structured seven-day schedule	I do not know how to organize exercises across the week	Exercise choices and intensity are difficult to plan manually	Overwhelmed by options
PS-3	A user whose needs change after seeing a plan	Modify the routine	Rebuilding the entire plan manually takes time	Feedback is naturally expressed in plain language	Frustrated by repeated planning
PS-4	A student or busy professional	Get a plan quickly and revisit it later	I lose track of earlier plans	There is no single saved workspace	Relieved when the plan is persistent
